EMPLOYEE BENEFITS &
OPEN ENROLLMENT
INFORMATION

Open Enrollment Dates:
May 1 - May 31, 2021

Please visit hr.usu.edu/open-enrollment for more information.
USU Employees,

The USU Benefits Team is pleased to announce the open enrollment period will begin on May 1 at 8:00 am and continue through May 31 until 11:59 pm. This is the time each year when employees are encouraged to take the opportunity to re-evaluate current and future benefit needs. Understanding your 2021-2022 benefit plan options is important, so you are encouraged to review this booklet carefully. You may also visit the open enrollment website at hr.usu.edu/open-enrollment to take advantage of the many tools available to assist you in making well-informed decisions.

If you have any questions or would like to better understand the benefits USU offers, we encourage you to attend the Open Enrollment Benefits Fair on Tuesday, May 11 from 8:00 am to 4:00 pm. Due to the COVID-19 pandemic, the Fair will be held virtually again this year. Throughout the day on May 11, several of the benefit providers will present a 30-60 minute overview of their benefits via Zoom, employees may schedule one-on-one virtual meetings with vendor representatives to discuss specific questions. Please visit hr.usu.edu/open-enrollment for a schedule of presentations and to schedule one-on-one meetings.

USU has a new provider, WEX, for Flexible Spending Accounts (FSA’s) and Health Savings Accounts (HSA’s). WEX is a strong tech company with a history of investing in technology to provide a strong benefits platform and customer experience. Employees will continue to use ASI Flex for FSA funds in the 2020-2021 plan year, but all contributions beginning July 1, 2021 will be deposited into an account with WEX. Those with an HSA account with Health Equity will receive a communication in June regarding the transition. Also, a modest increase to medical premiums is reflected on pages 8 and 9. If you’d like to keep your current benefits, no action is required except if you’d like to enroll in flex spending, which requires a new enrollment every year.

Making changes to your benefits is easy. Refer to page 5 for instructions. As a reminder, any new elections or changes made during open enrollment will become effective July 1, 2021 and payroll deductions for the new benefit elections will be reflected on your August 1, 2021 paycheck. Please review your August 1 paystub carefully to make sure all benefit deductions are correct.

Please visit hr.usu.edu/open-enrollment for more information or contact the HR Solutions Center at (435) 797-0122 if you have any questions.

The COVID-19 pandemic has had a major effect on our lives. Many of us are facing challenges that can be stressful, overwhelming, and cause strong emotions in adults and children. Public health actions, such as social distancing, are necessary to reduce the spread of COVID-19, but they can make us feel isolated and lonely and can increase stress and anxiety. Learning to cope with stress in a healthy way will make you, the people you care about, and those around you become more resilient.

Aggies Thrive is a USU initiative designed to provide a more comprehensive mental health support system for university employees and their loved ones. We aim to nourish a culture passionate about supporting those around us, not only in life’s accomplishments, but also its daily struggles.

Visit the Aggies Thrive website at hr.usu.edu > benefits > aggies thrive for a comprehensive overview of the Aggies Thrive program. The Employee Assistance Program through Aetna (see page 3) is a pivotal piece of the Aggies Thrive program, but there are many other great resources offered to university employees.

myStrength is a free, confidential and easy-to-use online tool that helps you strengthen your mind and body. Only you really understand your hopes and plans, so you'll be able to customize the program to meet your health and wellness goals. This is a clinically proven program and is available to you and your immediate family members.

In October 2020, USU held its inaugural World Mental Health Day, which consisted of several activities held throughout the day to bring awareness to mental health challenges and wellbeing. This event will be held again in 2021, so mark your calendars now to join the USU Benefits team on October 8, 2021, for World Mental Health Day. Please check out the resources and information available to you and your family at our website: hr.usu.edu > benefits > aggies thrive.

The Aggies Thrive website has links to articles, videos, events, tips, and a variety of state resources for supervisors. Additionally, the website includes shared stories such as a personal impact story from President Cockett.

Pharmacy Benefit Provider - Regence Blue Cross Blue Shield

Regence Blue Cross Blue Shield is the Pharmacy Benefit Manager (PBM) for all USU medical plans (Blue, White, and HDHP). Managing prescriptions can be difficult and Regence is available to assist you with all your prescription needs. Here are five tips for getting the most from your prescription benefits plan:

1. **Check the drug list.**
   When it comes to choosing medications, it’s important to know how the list of covered drugs—or formulary—works. The covered-drug list divides medications into multiple tiers, each with its own cost share. Before a medication is added to the list, Regence’s team of doctors and pharmacists carefully evaluate how safe and effective it is while assessing whether it will improve health. What does this mean for you? By knowing whether your benefit covers your medication as well as which tier it falls under, you’ll know how much you owe.

Register and sign in to regence.com to search the list of covered drugs. Select Pharmacy Benefits and Find a Drug. Enter any drug name in the search field to find out if it’s covered. If you don’t see your prescription drug on the list, you could pay more out of pocket the next time you get it filled.

Generic and brand-name medications have the same strength, quality and purity. But, generics can cost up to 80% less. So, ask your doctor if there is a generic drug that will work for you. To save money, talk to your doctor about switching to a generic equivalent on our list of covered drugs.

2. **Check to see if your pharmacy is in-network.**
   We have participating pharmacies across the U.S. Follow the instructions above for checking the drug list and select Find a Pharmacy. Be sure to show your member ID card to the pharmacist to make sure your claims get processed accurately.
3. **Use Express Scripts Pharmacy for the best home delivery prices.**
Express Scripts Pharmacy is our preferred vendor and offers in-network prices. It’s a safe, convenient way to get your long-term medicines delivered right to your door. Visit www.express-scripts.com, or call (833) 599-0451, or the number on the back of your ID card to get started.

4. **Use Accredo Specialty Pharmacy for specialty drugs.**
Your health plan is committed to giving you a specialty pharmacy that offers the medicines and support you need to manage your complex health issues. That’s what you get with Accredo, your preferred specialty pharmacy. Visit www.accredo.com, or call (833) 599-0514, or the number on the back of your ID card to get started.

5. **Check to see if your prescription drug requires pre-authorization.**
Some prescription drugs require pre-authorization before Regence will cover them to make sure you’re getting the most effective, highest value prescription drug available. You can save time and money by checking before you go to the pharmacy. In many cases, brand name drugs can be replaced with equivalent generic alternatives at a much lower cost. Visit regence.com and select Pharmacy Benefits > Pharmacy forms to see the list of prescription drugs that require pre-authorization.

**Understanding pre-authorization**
To ensure you’re getting an effective drug at an affordable price, we review prescriptions for some medications before we cover them. Drugs on the pre-authorization list include many for which equal or more effective and lower-cost options exist. If your drug needs pre-authorization, you’ll want to do one of two things:

1. Talk with your doctor to see if there’s an alternative treatment that does not require pre-authorization.

OR

2. Have your doctor or pharmacist request pre-authorization for your medication. You may need to get that authorization before you can get your prescription filled.

Why should I choose a health savings account (HSA)?

An HSA is a benefit that allows you to choose how much of your paycheck you’d like to set aside, before taxes are taken out, for healthcare expenses. Think of your HSA as a personal savings account.

Any unspent money in your HSA remains yours, allowing you to grow your balance over time.

Using an HSA account is easy. Swipe your benefits debit card at the point of purchase. Access your benefits 24/7 with the Benefits Mobile App. The app is free, convenient and offers real-time access to all your benefit accounts. If you don’t have a smartphone you can access the same features on your desktop by logging in to your online account at www.wexinc.com and selecting “Login” in the navigation bar.

The HSA’s unique, triple tax savings means the money you contribute, earnings from investments and withdrawals for eligible expenses are all tax-free, making it a savvy savings tool.

You can invest your HSA funds in an interest-bearing account or standard mutual fund lineup. Savvy investors may opt for a Health Savings Brokerage Account powered by Charles Schwab, giving you access to more than 8,500 mutual funds, stocks, and bonds.

Can I enroll?

You must be enrolled in a high-deductible health plan (HDHP) in order to enroll in the HSA. You’re not eligible for an HSA if:

• You’re claimed as a dependent on someone else’s taxes.
• You’re covered by another plan that conflicts with the HDHP, such as Medicare, a medical flex spending account (FSA) or select health reimbursement arrangement (HRAs).
• You or your spouse are contributing to a medical FSA.

What are the contribution limits & IRS regulations?

The IRS sets the maximum dollar amount you can elect and contribute to an HSA. The 2021 annual contribution limit is:

• Single Coverage $3,600
• Family Coverage $7,200

2021-2022 EMPLOYEE BENEFITS & OPEN ENROLLMENT 15
Flexibe Spending Account
Is it Right for You?

*You Must Enroll Every Year*

Flexible Spending Accounts (FSA) will now be administered through WEX. You can enroll in an FSA during the open enrollment process then WEX will send you an email with instructions on how to access your FSA account online.

Cost for an FSA is now $2.85 per month and there is no added fee for a debit card.

There are two flexible spending account options. The first is a healthcare flexible spending account (HCFA), used for healthcare expenses. The second is a dependent care flexible spending account (DCFSA), used for child and elder care.

You may contribute pre-taxed earnings to an FSA which can result in substantial tax savings. Enrollment in an FSA is an annual election and must be completed each year during open enrollment. Once the contribution amount is elected, it cannot be changed during the plan year (July 1 - June 30).

The current maximum amount you may set aside for healthcare expenses is $2,750. The dependent care maximum amount is $5,000.

To participate, you must sign up ANNUNALLY online during open enrollment. To enroll, follow the instructions on page 5 of this booklet.

Remember that the money you set aside in your FSA must be used within the same plan year. If you are participating in a health savings account (HSA) you may not participate in healthcare flex spending; however, you may participate in dependent care flex spending. Those who enroll in a DCFSA and an HSA will be issued one debit card, so no need to keep track of multiple cards.

Preparing for retirement is one of the biggest financial challenges you will face. USU offers employer-funded and employee-funded retirement plans. USU’s retirement plans through TIAA, Fidelity, and Utah Retirement Systems (URS) are a great foundation to save for retirement. Which plan you are eligible for depends on prior enrollment.

For new employees or rehired employees who were not previously enrolled in URS while they were working for USU, USU will contribute 14.2% of your base earnings into a retirement account called a 401(a) plan. This is an employer contribution only plan, so all funds contributed come from the university. You may choose to have your account administered by either TIAA or Fidelity, or a combination of both.

If you previously worked for USU and were enrolled in URS while working for the university, you must remain in URS retirement system. If you were enrolled in URS with another employer, you have the option to either enroll with URS, TIAA or Fidelity.

Open enrollment is a good time to check beneficiary information on your retirement plans.
