The Applied Economics Department at Utah State University is hiring one H-1B nonimmigrant employee for the full-time position of Post-Doctoral Fellowship in Logan, Utah. The anticipated period of employment will be June 1, 2020 through May 31, 2023. The salary is $54,000 per academic year.

Job Description

**Primary Research: 60%**
**Research Publication and Writing: 20%**
**Present Research: 5%**
**Grant Writing: 5%**
**Teaching: 10%**

The postdoctoral fellowship position in the Applied Economics Department at Utah State University will be responsible for conducting and disseminating research and results related to the needs of the advising faculty member(s), in accordance with current and projected internally and externally funded research and outreach projects. Previous experience in econometrics, experimental/behavioral economics, economic development, and consumer economics is preferred. The position will teach graduate and undergraduate courses in the department as needed. The position requires a Ph.D. in economics, applied economics, or similar and past experience conducting and analyzing survey data, econometric modeling, publishing research and reporting and presenting research results to the public, as well as teaching and advising experience in economics at the undergraduate level.

**Primary Research (Relative weight = 60%)**
- Conducting primary research in experimental/behavioral and consumer economics, including literature reviews, data collection, data analysis, and econometric modeling.

**Research Publication and Writing (Relative weight = 20%)**
- Publishing research results in academic journal articles, outreach publications, and research reports.

**Present Research (Relative weight = 5%)**
- Presenting research findings at regional and national professional/academic conferences, as well as state and regional constituent meetings and field days.
Grant Writing (Relative weight = 5%)
➢ Writing grants to obtain external funding for new/continued research and outreach.

Teaching (Relative weight = 10%)
➢ Teaching undergraduate/graduate courses in applied economics, including preparing course materials, syllabi, assignments, etc., developing and delivering lectures, and grading and evaluating student course work.

The Labor Condition Application is available for public inspection in the premises of the above-named department at Utah State University. Complaints alleging misrepresentation of material facts in the Labor Condition Application and/or failure to comply with the terms of the Labor Condition Application may be filed with any office of the Wage and Hour Division of the United States Department of Labor.
